Electrical Safety Information

We recommend that all electrical bathroom products should only be fitted by a suitably qualified, Part P registered electrician in accordance with current IEE regulations.

Ensure mains power supply is switched off before starting installation.

Before drilling, ensure there are no hidden cables or pipes in the wall.

We recommend you receive the product before commencing with installation as all sizes and measurements are approximate.

We try and ensure all measurements are as accurate as possible. In the interest of continuous product development, we reserve the right to alter specification as necessary. E & OE.
