Customers are advised to check current prices and availability in store before purchasing.

# Introducing our brilliant products

Both functional and stylish, our joinery products can completely transform the look and feel of your home.

Whether you like your doors to slide or swing, we've got a range of stylish internal doors to help save space and update your look. Get everything you need to awaken dark dingy rooms with our range of roof windows and accessories.

## Interior doors

There's an average of seven interior doors in one household, so whether you want to match them all or mix it up with a variety, we've a wide range of options. From industrial doors, to space saving, sliding and folding styles, you can suit your space no matter what size.

See pages 8-55 for the full range.

**VELUX®** site

## Roof windows

Bring on the light with our range of durable and easy to install roof windows. With features that help keep heat inside and provide good ventilation, they go beyond simply adding some much needed light to a room.

And when it comes to purchasing, we understand they aren't the easiest. With the different roof shapes and sizes to consider, we know it isn't a case of just buying and fitting. That's why we want to make it as easy as possible. Whether you're replacing an old one or fitting a brand new one, we've got every step covered - from frame to blind.

See pages 138-143 for the full range.

Loyalty Scheme

[tradepoint.co.uk/loyalty](https://tradepoint.co.uk/loyalty)

**We're here to  
help and inspire**

Our range of joinery products include timber and PVCu internal and external doors and windows. Plus everything from patio door sets, to stairs and garage doors. We also offer a great aluminium range where our lantern roofs combine stunning looks with outstanding performance.

And not only do we offer great products, we also help with those extras that help make all the difference – including room dividers, door handles and decorative accessories.

With all of this as well as inspiration and helpful services, you can buy in the confidence that we'll do what we need to make purchasing a breeze.

**Proud to be 100%  
forest friendly**

All the wood in our products at B&Q has been responsibly sourced.  
Find out more about sustainability at B&Q at [diy.com/eco](https://diy.com/eco)

# Internal doors

You know the old adage, when one door closes, it can add some real style to a room... Thankfully, what we lack in correct proverbs we make up for in our huge range of internal doors. From traditional knotty pine, to bi-fold sliding options, they're also all responsibly sourced so you can feel good about your purchase.

## How to choose your internal door

### 1 Measure your size

Before choosing your door, you need to measure your space and decide which size you need.

**Width:** Measure in three points - top, middle and bottom within the frame opening, where the door will fit. The widest measurement determines the width of the new door.

**Height:** Measure again, in three points - left, centre and right within the frame opening, where the door will fit. The longest length determines the height of the new door.

**Adjustments:** Once you've got your measurements, compare them with the standard sizes available in your chosen door style. Select the most appropriate, remembering that you can reduce the size by planing the edges, but you can't make it bigger!

### 2 Choose your finish

Each of our door styles is available in a range of different finishes, from our great value hollow core moulded doors, right through to our premium oak and walnut veneers.

**Exmoor**  
See page 13

**Industrial**  
See pages 14-15

**Ply veneer**  
See page 16

**Primed**  
See pages 17-25

**Painted**  
See pages 26-27

**Knotty pine**  
See pages 28-31

**Clear pine**  
See pages 32-35

**Oak veneer**  
See pages 36-44

**Fully finished oak veneer**  
See pages 45

### 3 Choose your style

At B&Q choosing a door couldn't be easier. From traditional, cottage style doors to ultra-modern contemporary designs, we're bound to have something to suit both your home and your pocket.

### 4 Select your type

#### Panelled

Our panelled doors are traditional in style and come in 1, 2, 4 and 6 panels.

#### Glazed

Perfect if you want to let more light into a room, all styles are made with toughened safety glass.

#### Fire doors 🔥

All fire doors are tested to ensure they can offer 30 mins fire protection. Fire doors need to be installed correctly using intumescent strips and fire rated hinges to ensure they perform. Look out for the fire safety symbol throughout the brochure.

#### Bi-fold

If you're short on floor space for a swing door, our bi-fold doors and sliding doors are ideal for tight spaces. Alternatively if you have a small door opening you can purchase small 1'6" cupboard doors.

#### Sliding doors

Our sliding doors provide space-saving solutions and can match the other doors in your house.

# Sliding doors

Sliding doors are a great space saving solution – ideal for ensembles and for separating different areas of your home. In a range of different materials, you can choose from traditional panel or contemporary glass styles. See page 12 for matching sliding systems to complement your door.

# EASY FIT interior door kit

## Fit your door in minutes – no joiner needed

The EASY FIT door range is so simple, anyone can fit an interior door in minutes without being an expert. Suitable for most standard sized door openings.

- Save time and money
- Avoid the expense of hiring a joiner
- No chiselling or planing
- Pre-painted ready to use
- Door can be hung left or right
- Easy lift-off hinges to swap or remove doors easily
- Includes door and frame kit, hinges, latch and latch plate – all you need are the handles

## How it works...

1

Measure the opening of your current frame, measuring horizontally and vertically, to ensure the product will fit your opening size.

2

Fit the hinges and latch plate to the pre-machined frame strips and secure into the opening, using packers for adjustment where required.

3

Hang your new door onto the easy lift-off hinges and finish off by fitting your latch and handles.

# Internal room dividers

If you want to open up your space but don't want to completely rearrange your floorplan, an internal room divider is the perfect compromise. Whether you j'adore french doors or love the ease of bi-fold styles, we've a wide range to suit your needs.

## How to choose your internal room divider

At B&Q, we've got a range of different internal room dividers. For a traditional look, consider french doors and for a more modern look, folding or sliding doors are the perfect choice.

### 1 Option 1 - french doors

Create a stylish room divider using our french door range.

A standard 1220mm (4ft) range available in nine styles

Supplied unfinished for you to select an appropriate colour for your home

Supplied with 2 doors and 1 frame

Don't forget to add your choice of hinges, handles and latches to complete your installation

### 2 Option 2 - folding and sliding doors

For the ultimate in open plan living, our folding and sliding doors are not only stylish but quick and easy to install too.

Decide which way you want your door to slide (to the left or the right)

Pick your door style (choose from our range of 10 different designs)

Supplied pre-machined for hinges and hardware kit included

Don't forget to add your choice of handles and latches to complete your installation

# French doors

Create a stylish room divider with our range of french doors. Perfect for letting in extra light and giving a more open-plan feel to your home.

Don't forget to add your choice of hinges, handles and latches to complete your installation

Door set RHFT to fit opening H2035 x W2374mm 5011944039419

£790

## How it works

Bottom rail folding system that doesn't need to support the weight of the doors.

The frame is supplied complete with a threshold and track which doesn't need to be sunk into the existing floor – and therefore an easier fitting method.

Two frame widths available – 2146mm and 2374mm. They will all fit wall thicknesses of 115mm up to 150mm

All doors are pre-machined for the hardware, (excluding latch and handles) and supplied unfinished, ready to be painted with the colour of your choice.

All glazed doors have toughened safety glass to BS6206 and matching room doors are also available.

Don't forget to add your choice of hinges, handles and latches to complete your installation

## Oak veneer obscure glazed folding sliding door – 3 Lite

# Stair parts

With such a huge choice of styles and finishes at outstanding value, it's easy to totally transform your hallway with a heavenly new staircase.

## What makes a staircase?

# How to choose your stair parts to make a banister

## Handrail and baserail

Measure the distance between your top and bottom newel posts. This is the length you'll need for both.

## How many spindles do you need?

Count the number of steps, then multiply by two. This is how many spindles you'll need.

We recommend you buy a couple extra, just in case. For example, for 12 steps you should buy 26 spindles. Building regulations state that a 100mm sphere should not be able to pass through the gap between spindles. For our 41mm spindles our handrails and base rails come with spindle spaces to guide you.

## Newel posts

You'll need two newel posts for the top and bottom of a flight of stairs. For more details see pages 70-72.

## Choose your newel post cap

You can choose from square, pyramid or ball styles. See pages 70.

## Choose your finish

**Knotty pine**  
A popular and practical timber providing great value for money.

**Glass**  
Combine with metal and natural timbers for a modern finish. See Immix® on pages 74-75.

**Primed**  
Saves time as no need to treat and undercoat before painting.

**Oak**  
Sophisticated and subtle, with a light tan colour and beautiful grain texture.

## Choose your spindle size and design

# Banisters

## Pine handrail banister

A popular knotty softwood timber which proves great value for money.

## Metal and white oak banister

Elements® features a choice of metal spindles or glass panels.

## Primed handrail banister

Primed pine removes the need to treat and undercoat before you paint.

### Top tip

To calculate the number of spindles you need, count your treads and multiply by two

## Oak handrail banister

Due to its timeless sophisticated look oak has become more popular in recent years.

## Immix<sup>®</sup> glass banister

White oak handrails and sleek gun-metal connectors with toughened glass panels will bring a distinctive minimalist elegance to any home.

# 32mm stair parts

From spindles to handrails and baserails, we've all you need to transform your staircase. Whether you're after a low cost refresh a pine or a replacement primed 32mm stairparts, we're here to help you make a grand entrance.

## Spindles

Great value for money, 32mm spindle ranges come in pine or primed.

Pine chamfered	5000473045626°	£2.60

Don't forget

Your newel post and cap.  
For more details see pages 72-74

\*Available in selected stores only, see diy.com for availability. All other stair parts are available to order for home delivery only, to selected locations. Restrictions apply. Delivery is free on orders over £50, see page 147 for details.

# Newel posts

A newel post is a structural post that fits at the top and bottom of the staircase to support the handrail. Choose between a complete newel post and a spigot newel post - see page 72.

## Complete newel post

A great all in one solution as there's no need for separate newel bases. Our turned newel post includes the newel ball cap. Stop chamfer newel caps are sold separately.

## Spigot newel post

The perfect option where your existing newel base can't be removed from your staircase. The holes have been pre-drilled for you making it easier to fit to the handrail.

## Newel caps

Square. Compatible with 82mm stop chamfer posts.

Pyramid. Compatible with stop chamfer 90mm newel post only.

Pre-dowelled ball. Compatible with pre-drilled newel posts only.

Pine sq newel cap	82mm	5000473046197	£9
Pine pyramid newel cap	82mm	5000473085516	£12
Pine newel ball cap		5000473121245	£12
Oak pyramid newel cap	90mm	5000473035771	£25
Oak newel cap ball		5000473037263	£25

### Don't forget

# External doors

We've got a wide range of external doors that provide your home with security, warmth and energy efficiency. From traditional softwood and hardwood timber doors, to high security, energy efficient PVCu doors, we're bound to have a door to suit you.

## Front door sets

Timber front doors are available pre-fitted in a frame, complete with 3-way multi-point locking system, security hinges, door handle and weather bar - helping to keep your home warm and snug during the colder winter months.

### Timber doors

Our stunning range of timber doors are of engineered construction for greater stability, using high quality veneers with a traditional grained appearance. They come ready to paint or stain, and can fit into an existing frame.

- Available in a wide range of styles and finishes
- Available as a door only, or pre-fitted with lock and frame
- Beautiful real wood
- High quality construction
- Back and front doors available

Ready to paint or stain

### PVCu doors

PVCu doors have a smooth white finish and include a multi-point lock security feature. They're low maintenance and have a high resistance to weathering.

- White smooth finish
- Includes door and frame
- Multi-point locking
- Low maintenance
- Back and front doors available
- Supplied with handle, cill and letterplates where required

\*Available in selected stores only, see [diy.com](#) for availability. All other doors are available to order for home delivery only, to selected locations. Restrictions apply. Delivery is free on orders over £50, see page 147 for details.

£268

## PVCu sidelites

These provide the ideal solution where your door opening is larger than a standard PVCu door set. Instead of bricking up the extra space, a sidelite can be fitted either side, or on both sides of the door depending on the space available, creating a stunning entrance feature. Any PVCu front door set can be combined with sidelites.

If fitting a cill, you must remember to add 30mm to the door frame height dimension Door cills can be cut to size to suit the width of your project.

### Door cills

1500mm\* 03332207 £24  
2000mm\* 5039248000331 £27  
3000mm\* 03847053 £31

All dimensions relate to external frame dimensions. The cill adds 30mm to the height dimension.

# PVCu french doors

The simple, neat lines are great for today's homes and can open up any living space easily and without disturbing your furniture! Ideal for access to the garden, for porches, conservatories or for garden offices.

# External patio and folding sliding door sets

We've a great range of external patio and folding sliding door sets in a variety of finishes and styles. With folding patio doors stretching right up to 4800mm we're sure to have something to suit your home.

## Fully finished oak bi-fold

This laminated oak patio doorset offers the ultimate in style and elegance and will set your home apart from the rest. Supplied fully finished in golden oak stain with 54mm thick door leaves for additional strength.

## Fully finished hardwood bi-fold

This high-end hardwood patio doorset is supplied with 54mm thick door leaves for additional strength, supplied fully finished in white or grey, saving the need for any further decoration.

## Aluminium bi-fold

This aluminium patio doorset is supplied fully finished in grey external and white internal finish. Double pivot roller system allows for effortless finger-tip operation making it easy for you to bring the outside in.

## Aluminium doors and fixed panels

A solution allowing large amounts of light into your room at a much lower cost. Panels and doors can be used in any configuration or as single items up to a maximum width of 3.3m.

## Thermal efficiency and compliance with building regulations

National building regulations set out the requirements for thermal efficiency of doors for new builds, extensions, replacement and refurbishment. In England and Wales, these requirements are set out in Document L of the building regulations, in Scotland in Section 6 and in Northern Ireland in Part F. It's the responsibility of the installer to ensure that all products, materials and installation standards comply with current building regulations. Replacing

a window or door set requires the installation to be either under Building Control approval or by a FENSA (or similar scheme) registered installer. The U Value is a measure of the rate of heat loss through a material - the lower the figure, the better the thermal efficiency of the product. U values are shown for all applicable products - note that the products must be installed into the frame supplied to attain these U values.

# Hardwood folding patio doors

Make the most of your living space and bring the outdoors in with this hardwood folding patio doorset. Top hung, the doors open and close with ease at your fingertips and let you enjoy the view outside whilst maximising light coming into your home.

# Garage doors

Because garage doors don't come with a one-size-fits-all, we offer a made to order service. Choose the size, style, finish and colour to suit your home.

## How to choose your garage door

A stylish new garage door can enhance your home, increasing security. Choose from timber or powder coated steel in a range of designs, colours and mechanisms to suit your taste and needs; whether it's for a stylish new build or replacement. You can even make them remote control. All sizes stated are internal frame sizes.

### Framed retractable

A one piece panel door which retracts back into the garage roof space.

- Powder coated steel or impact resistant ABS finishes
- Requires the most front clearance to open
- Includes 70mm frame each side and a 45mm head frame
- Compatible with remote control automation (sold separately)

### Insulated sectional

A fully insulated sectional door which lifts vertically into the garage roof space.

- Insulated powder coated steel
- Space saving, requires no front clearance
- Fully sealed providing high levels of security as well as acoustic and thermal insulation
- Includes 90mm frame, handle and lock
- Compatible with remote control automation (sold separately)

### Insulated roller

A fully insulated roller door which lifts vertically behind the garage opening.

- Insulated powder coated aluminium
- Space saving, requires no front clearance
- Fully sealed providing high levels of security as well as acoustic and thermal insulation
- Includes 90mm frame, handle and lock
- Automation included as standard

### Timber

A traditional style timber door which opens in the same way as a standard door.

- 14mm tongue and groove redwood
- Unfinished, ready to paint
- Requires the most front clearance to open
- Frame available separately

All garage doors are available for home delivery only, to selected locations. Restrictions apply. Delivery is free for orders over £50, see page 147 for details.

# Made to order garage doors

Our made to order garage doors give you much more choice, so you can get the right door for your garage. We can make doors for widths between 2134-2438mm and for heights between 1981-2134mm, to fit your internal frame. All prices quoted are for made to measure service.

## Made to order dimensions

Once you've chosen your door and placed your order, we'll call you to talk you through measuring up and discuss a specific delivery date for your order.

We'll deliver your garage door between 14 and 28 days after you place your order. We can make doors:

- for widths between 2134mm and 2438mm
- for heights between 1981mm and 2134mm

Our made to order garage doors are available within specific size ranges. We'll ask you to take six key measurements using the drawing below as a guide.

## Made to order colour options

Available in white and 10 colour options.

## Online design tools

Visit our configuration tool where you can design, price and order the windows for you [crystal-direct-configurator.co.uk/b\\_q](https://crystal-direct-configurator.co.uk/b_q)

Available from December 2019

Available from December 2019

All roof windows are available for home delivery only, to selected locations. Restrictions apply. Delivery is free for orders over £50, see page 147 for details.

# Helping you shop with us

Here at B&Q we want to make shopping with us simple. From ordering and delivery, to finance options, we're here to help you create a home you love. For our full terms and conditions, please visit our website at [diy.com](http://diy.com). Your statutory rights are not affected.

## Ordering & delivery

### Available for home delivery

Selected items are available to order for delivery direct to your home. Available for selected locations, restrictions and delivery charges may apply. Free delivery on orders over £50. See [diy.com](http://diy.com) for further details. Delivery times vary depending on the product. When buying on [diy.com](http://diy.com) we'll tell you the delivery time during the checkout. If ordering in store please ask. See page 195 for delivery details.

### Store delivery service

If you're not able to get your items home from store why not use our store delivery service? This service enables you to have your items delivered to the ground floor of choice in your home. Ask your local store for details on their delivery area. Charges apply.

## Van hire

B&Q has teamed up with Hertz 24/7 to offer you a convenient hourly van hire service to take your purchases home. In three easy steps you could be driving your van home from any of our participating stores.\*

In order to drive, you must be over the age of 21 and have held your licence for at least a year. You also need to hold a credit or Visa debit card in your own name. Registration is simple and you can be on the road in minutes!

\*Participating stores only. Please visit our store locator on [diy.com](http://diy.com) to see if your nearest store is participating. Terms and conditions apply click please visit [www.hertz247.com/bq](http://www.hertz247.com/bq) for further details. †Applies to selected products and locations only. Restrictions apply. Check [diy.com](http://diy.com) for availability.

## Terms and conditions

### Ordering & delivery

Delivery charges apply. Delivery charges and availability may vary in Northern Ireland and offshore stores for some products marked for home delivery. Some items may only be available for collection from store and some items may not be available to purchase online. You will be advised at the time of placing your order.†

Order type†	Delivery charge
Standard	£5 free over £50
Large	£10 free over £250

Charges refer to the value of goods being delivered and exclude services. Delivery charges are correct at time of going to print and may be subject to change.

**Standard:** For products that are suitable for our parcel and one person delivery service.

**Large:** For products that are large, heavy or fragile that require extra care or a 2 person delivery.

### Ordering and delivery FAQ's

#### Will all of my home delivered items arrive together?

You can select the same delivery date for several products at the checkout on [diy.com](http://diy.com). However, items delivered by different partners may arrive separately and at different times.

#### Do you deliver to my address?

We are currently unable to deliver, from online orders, to the Republic of Ireland, Jersey, Guernsey, Isles of Scilly, Scottish Islands (including Isle of Skye, Isle of Arran, Isle of Colonsay, Isle of Cumbrae, Isle of Jura, Isle of Coll, Isle of Eigg, Isle of Rhum, Isle of Canna), Orkney Islands, Outer Hebrides and BFPO addresses.

Bulk products will be delivered to the kerbside outside of your address. You'll be advised at the checkout if this is the case, and you'll be responsible for moving these items onto your property.

#### Can B&Q let me know the time of my delivery?

Some of our delivery partners may contact you in advance by phone or by text message and may let you know either an estimated arrival time or confirm an am/pm delivery slot. If this applies to your order, we'll let you know before you checkout and in your confirmation email.

#### When will my home delivery order arrive?

For the majority of products on [diy.com](http://diy.com), we'll either be able to let you know, or let you choose, a delivery date before you checkout. For all other products, we'll let you know that we'll be in touch by phone or text message to arrange a delivery date.

Deliveries may be made between 8am and 6pm.

### When can I collect my Click + Collect order?

If you order before 7pm Monday to Friday or 4pm Saturday and Sunday, your Click + Collect order will be available from 1pm the next day in your chosen store.

Please note that we have some stores where your order will take two days to be ready and can then be collected after 6pm (this includes stores in Northern Ireland and on the Isle of Man, please see [www.diy.com/clickandcollect](http://www.diy.com/clickandcollect) for the full list).

Find out more about when your order will be ready for collection on our Click + Collect page on [diy.com/clickandcollect](http://diy.com/clickandcollect).

If you don't collect your order straightaway, we'll hold it in store for you for 7 days. If it's not been collected after 7 days one of our team will be in contact with you.

### Where do I collect my Click + Collect order from?

Your Click + Collect order will be available at the Click + Collect point in your chosen store. Look for the Click + Collect signs in the checkout area.

### About our products

All products are subject to availability.

All prices are correct at time of going to press and maybe subject to change. Whilst we try to ensure accurate colour representation, please be aware that the photographic process may sometimes alter colours. Some items in our photographs are included for display purposes and are not necessarily intended to be installed as shown with regard to proximity. Please refer to the instructions supplied with your product before installation. A summary of this price guide is available in Braille, large print or on audio cassette. Please ask at your local store for more details.

### Finance

At B&Q we have a number of different finance options to suit your needs which could help you fund your purchase.

To see how our finance products could help make your dream project more achievable, just visit your local store and ask a member of staff for details or visit [diy.com/financialservices](http://diy.com/financialservices)

### Returns policy

Please keep your receipt for anything you buy from us. It will ensure we can help you if you need to bring something back.

If you return a product unused, with the original receipt within 45 days of purchase (or delivery where applicable) we will exchange the product or issue a refund based on the original method of payment. For purchases made by debit/credit card, the same card must be used to process the refund. B&Q customer sales forms are an acceptable form of receipt.

Products that have been cut, made to measure or mixed to your requirements cannot be exchanged or refunded.

### Your consumer rights are not affected.

If the product you purchase is faulty, or not as described, we may offer an exchange, refund or repair as appropriate, in accordance with your consumer rights.

### You can return your items by:

In the first instance, return via Home Delivery or [diy.com](http://diy.com)

Contact us on 0333 014 3357.

Lines are open 8am-8pm Monday to Saturday and 10am-4pm Sunday.

Email us at [home.delivery@b-and-q.co.uk](mailto:home.delivery@b-and-q.co.uk)

Write to us at B&Q Customer Services Centre, North Avenue, Clydebank, West Dunbartonshire, G81 2NT.

### Alternatively, return the product to your local B&Q store.

You will need to take the product, your receipt/sales advice and the debit/credit card you used for payment with you.

### Contacts

If you would like to leave feedback about your experience in our stores please let us know.
