

## Td Xpress Grab Hire 'waste' no time with MAN Financial Services.

---

Td Xpress Grab Hire are a small family run business based in Kent who specialise in environmentally friendly waste disposal (an amazing 92% of the waste they collect is recycled!).

We asked Tony (Company Director) why Td Xpress Grab Hire decided to bring another MAN vehicle into their fleet:

"We had test drives with all the latest Euro 6, 8 Wheeled Tippers and nothing compared to the MAN."

"In addition to gaining complete peace of mind by taking the Gold Repair & Maintenance package, we also purchased the vehicle through MAN Financial Services because quite simply, the package couldn't be beaten."

"The Customer Service has been great from both MAN Truck & Bus UK Ltd and from MAN Financial Services, they have really looked after us."
