

Your ingredients. At peak condition

The Bright Series 40 fridge-freezer with TwinTech® No Frost technology uses two separate independent cooling systems one for the freezer, one for the fridge. By ensuring optimal humidity in the fridge, it never needs defrosting.

Product Benefits & Features

Hydrated. Healthy. With TwinTech® No Frost

The Bright fridge-freezer with TwinTech® No Frost technology uses two separate independent cooling systems one for the freezer, one for the fridge. By ensuring optimal humidity in the fridge, it never needs defrosting.

Functions at your fingertips. With electronic touch control

With electronic touch control, you always know what's going on inside your fridge. You can easily control various functions and set the precise settings for the fridge with just a touch.

Bright LED lights let you see everything inside.

Say goodbye to dark fridge interiors where you can barely see what you're looking for. The soft and even lighting of bright internal LED bulbs give you the visibility you need and are energy-efficient.

Lock in nutrients, with FastFreeze

By quickly cooling ingredients with FastFreeze, the most important nutrients are locked in. So you can enjoy better quality meals when you defrost.

- For fully integrated, slide door installation
- Net capacity freezing compartment: 87 l
- Net capacity refrigeration compartment: 152 l
